

Ballycadden Wind Farm Ltd.

Tuesday, 27th November 2012

Reference: Michael Doyle Civil Engineering Limited

To: Whom It May Concern

Michael Doyle Civil Engineering Limited were employed as the main civil contractor for the Ballycadden Windfarm project. They were responsible for the construction of 4km of site access roads, 9 crane bases, drainage, 4km of trench, 7km of service duct and cable. They also constructed the 20kV substation.

The contract was managed in a competent and professional manner and completed to the required programme, a very high standard and within budget. They communicated well with all parties and offered assistance whenever required to the benefit of the overall project..

We would have no hesitation in recommending Michael Doyle and his team for any works of a similar nature.

Yours Sincerely,

Ian Bailey 
Director

Lester Rothwell 
Director
